NUMBER 10

## Fourteen Scouts Receive Kings Scout Badge

Regular Stake Priesthood meeting was held Sunday, May 29th, and as this was the anniversary month of the restoration of the Aaronic Priesthood, boys activities predominated the meeting.

An instrumental duet was rendered by the McMullin Bros. on clarinet and trumpet.

A short talk "The History of the Aaronic Priesthood" was given by Grant Heggie.

John F. Salmon, District President of the Boy Scout Association, spoke of the proposed trip of Canadian Scouts to Salt Lake City, and asked the co-operation of all the people, especially the parents in making this trip possible for the boys, as it was the 25th anniversary of Scouting in the L.D.S. Church.

The high light of the meeting was when District Commissioner Charles S. Matkin presented fourteen Raymond boys with their King's Scout badge, a badge which carries with it rigid requirements in scoutcraft, and which many Scouts never obtain. It was an inspiration to see the boys lined up, most of them in their uniforms, to receive this badge from the Commissioner, and before making the presentation, he outlined some of the requirements in obtaining it, and congratulated the boys on the work they had done to earn this award.

The anniversary in Salt Lake will be attended by quite a number of boys of the Taylor and Lethbridge Stakes, who will leave here early next week, travelling by truck and in charge of Commissioner Matkin and Assistant Commissioner Robert W. Salmon. They will camp out in true scout fashion all the time, camping in Liberty Park while in Salt Lake City. It will be a wonderful trip for the boys as they will visit Yellowstone park on the way down, and will come back through Glacier Park and over the Logan Pass.

In his remarks, Stake Pres. T. Geo. Wood announced his intention of attending the

Scout anniversary in Salt Lake and stated that he was proud of having the honor of being Scoutmaster of the first Boy Scout troop ever organized in the Church in the ward he belonged to in Salt Lake City. He appreciated the showing that Canadian boys would make in the anniversary and was happy to be numbered amongst those who had assisted somewhat in the growth of scouting in Utah and Alberta.

Stake Relief Society Conference was announced for June 14th at Raymond, and Pres. Wood especially asked the husbands to help the wives and mothers to get to this Conference and make it a success.

Quarterly Conference will be held July 13th and 14th, and according to present plans will be a mid-week Conference.

Bill Cook of the Interior Mutual Benefit Association was a Raymond visitor Thursday.

Elders Earl Zemp and Isaac B. Roberts were the speakers at the Welling Ward Sacrament meeting last Sunday night.

A demonstration of Cockshutt implements is being held Saturday at T.O. King's farm south of town. Read the ad. for details.

Harold Stevens, who was quite ill over the week-end, went to work again Thursday morning. The trouble seemed to come from a gathering of some sort in his head, and as soon as the gathering broke the pain subsided and he commenced to feel alright again.

## RAYMOND WINS FIRST BALL GAME

Behind the pitching of Russ Nielson and Cliff Nalder and good support from the rest of the team, the Raymond team took the first league game of the season from Magrath with a score of 8-4 in a game witnessed by a slim crowd.

Nielson went the first five innings for the locals and held the Magrath players to a few scattered hits that only allowed two men to cross the plate, and then Nalder, who has not pitched much ball for a number of years took over the duties and held the invaders to hits enough to account for two more runs. "Slim" had a wide curve working that was certainly fooling the boys. Starting straight for them, they would dodge and then the apple would cut the centre of the plate for a called strike, while the batter loomed dumfounded and watched for the next one, to go through the same antics.

All in all it was a good game, the most discouraging thing about it being the poor attendance. The boys need the support of the fans if they are to continue on in the league, and with the Cardston nine coming to Raymond next Wednesday, all of us ought to save our quarters and turn out to the game to deserve. We have a lot of promise giving the boys the support they need, and to encourage them and keep a winning ball team in the Sugar City, we will have to support them. Let's do it from now on.

Wednesday was as follows:

Magrath: Blumel, Sorenson, T. Toomer, Turner, Rice, Hamilton, D. Toomer, Shaeffer, Bourne and Bennett.

Raymond: Stone, Yanosik, Turner, Weaver, Nalder, Van-Orman, D. Stone, Walker, Boyson, Selman and Nielson.

Umpire: J. E. O'Brien.

Harris Walker had the misfortune during the game to get his glasses broken.

## NEWS NOTES

Mrs. O. H. Snow and Miss Hazel Redd and Peggy Wells are enrolled from here in the Art Course in Lethbridge and are travelling in each day to attend the classes. They will last for two weeks.

Miss Niddrie, teacher of Home Economics at the High School, and her pupils, have arranged a display of work which is being held this afternoon to which all the mothers of the girls are invited. The girls are serving cookies and punch of their own making to the mothers who attend.

The program at the 2nd Ward last Sunday night was presented by the Junior Genealogical class under the direction of Miss Beth Walker. After the opening exercises and a short talk on "Tithing" by Mrs. W. A. Anderson, and a brief talk by Elder Watson Lafferty, Bob Walker of the Junior class conducted the program, which included two genealogical one-act plays "A Legacy from the Past", and "The Treasure Chest in the Attic." June and Evelyn Erickson sang a duet, Zelma McBride related the story of her grandfather, Donna West related some spiritual manifestations experienced in some of the Temples, and June May played a piano solo. During the playlets every member of the class took part, with Miss Beth Walker as reader of the evening.

## Seymour Heninger Laid To Rest

Funeral services over the remains of Ellis Seymour, son of Mr. and Mrs. Ellis S. Heninger were held in the Stake House at 11 a.m. Sunday forenoon with Bishop J. O. Hicken of the Raymond First Ward in charge. The hall was filled almost to capacity, and the profusion of beautiful flowers were a tribute to the respect and esteem of the community for the deceased and his family.

With W.W. McMullin conducting the choir and Roi Stone at the organ, the service opened with "I Need Thee Every Hour" R. Wing, and the second hymn followed by prayer by Elder C. was "Thou Deepening Trials Throng Your Way."

Elder A. R. Briggs of Magrath was the first speaker, who referred to the long acquaintance he had with the deceased, how he had worked for him and he had always found him absolutely trustworthy and dependable. He had always admired his habit of not wasting time and never loafing; when he could he would always be found him, too, and after the days with a good book. Children loved and girls in their fun to make work he would join the boys their play more enjoyable. Deceased had no fear of death feeling it would be a great experience in a new and better world. He also paid tribute to the parents, and especially to the father with whom he had labored in the Ward Bishopric for a number of years.

A violin solo was rendered by Nyal Fletcher of Magrath.

Elder C. E. Alred spoke of during the last three years while his acquaintance with deceased Seymour had been farming south of town near his place, and how he appreciated his acquaintance with him. He recounted the incidents connected with his drowning, and stated that while Seymour had no fear of water, he had always been careful and had taken no unnecessary chances. In his caution he had undoubtedly walked to the old dam to cross the lake Tuesday night as there was some wind and it would have been somewhat rough for his raft. He thought the greatest tribute that could be paid deceased was by a little nine year old child who lives on his farm when she said "What will we do without Brother Heninger."

Mrs. Blanche Scoville then

sang "Goin' Home."

Bishop Ira Fletcher of Magrath had been associated with the family for a great many years and had always appreciated the fine character of deceased who was very exacting with himself and lived a fine life. All through his early years in the various classes he attended he had been a leader and had performed a fine mission for his church. He spoke feelingly of the kindness parents of deceased had shown him a couple of months ago when his own son had passed away. He had labored for a number of years with the father in the Bishopric of the ward and in association had learned to love and cherish with the family in their home all of them and especially the parents. They should be proud of having reared such a fine son, and they would find that death didn't mean losing a child it simply brought them nearer.

A vocal solo "He'll Wipe the Tear from Every Eye" was sung by Byron F. Tanner.

H. Myron Holmes had had considerable dealings with deceased and many talks, and he had always appreciated the broad outlook and optimism of deceased projecting himself into the lives of others. While tolerant with others and their faults, deceased was as decidedly exacting with himself and lived a good life.

Frank R. Taylor and his Male Quartette sang "Crossing the Bar."

Elder Earl Harker was deceased's teacher in many ward classes, and he had always known when Seymour was in the class that he would be prepared to answer questions and assist in the lesson. He felt the spirit of the grandfather John Taylor Heninger at the service, and felt the grandfather should be very proud of such a grandson. In all his activities Seymour Heninger had been a fine example of integrity and devotion and in his passing the spirit world would get a fine leader and teacher.

The Choir sang "Nearer My God to Thee," and Pres. M. T. King offered the benediction.

Pall bearers were Mark and Bryant and Ray Heninger, Lavoye Jensen, Lyman and H. C. Jacobs, and a long string of cars followed the remains to the cemetery where the grave was dedicated by Pres. Z. W. Jacobs of the Alberta Stake Presidency.

## NEWS NOTES

Mr. and Mrs. C. Nilsson are holidaying in the States' having left early this week.

Harry Fairbank is home for a few days from his work in Saskatchewan.

Les Palmer started his weekly half-holidays from the Post Office the first of the month. For the past year and a half he has been denied this privilege.

Thos. Hicken and Mrs. Ira McBride were passengers in the A. W. Kirkham car to Utah last Friday, Mr. Hicken going to attend the funeral of his brother.

A group of Rotarians gathered at the Swimming Pool Wednesday afternoon and put the finishing touches to some of the work that was not finished up on the last work day. The pool is about ready for filling now and swimming will soon commence.

George Green of Lethbridge was a Raymond visitor on business Thursday.

Mrs. Emma Peterson is visiting at present in Utah. She left early Tuesday morning.

Work started Tuesday on an addition to L.L. Palmer's home. The addition will be 18x30 feet and will give the family another two or three rooms on the ground floor.

Raymond's Stampede is not very far off. Now is the time when you should be planning to attend and inviting your friends to be here and enjoy Dominion Day with you.

40 candidates for the Saskatchewan provincial elections were announced from Edmonton Monday by the Western Canada Social Credit Association. A number more are to be named, but they will take part in deferred elections.

## Primary Festival Held Last Saturday

### FIRST WARD BUDGET PARTY

A First Ward Budget party is being presented tonight in the Stake House, and will feature music as one of the highlights of the entertainment.

Added to the local array of talent which includes Roi Stone at the organ and Frank R. Taylor and his Male Quartette, will be numbers from Miss Philipps of Lethbridge, who has a large piano class in Raymond, and also Mrs. E. Becker who will give three readings, one of them "Humoresque."

The program promises to be an outstanding entertainment event in Raymond and the sponsors are desirous of having a good crowd present, and in order to assist people to attend, the admission prices have been set at 25c. and 10c. The program commences at 8:30 p.m.

### LIBRARY ADDITIONS

New books, which will go on the Library shelves today, Friday, include the following:

Junior books: "Wag—a Friendly Dog," by Ethel M. Gehres. "Nicomachus and his Shoes," by Inez Hogan. "The Little Boy and His House," by Stephen Bone and Mary Adshead.

Adults Books: "Acts of Black Night," by Kathleen Moore Knight. "Handierat," by Lester Griswold, and a new Magazine, donated by the Sugar Co. "Facts About Sugar."

### WEDDING BELLS

#### HEGGIE — HARKER

Max, son of Mr. and Mrs. J. V. Heggie, and Fern, daughter of Mr. and Mrs. Nephi Harker, Magrath, were married at the Cardston Temple Wednesday forenoon by President Edw. J. Wood, in the presence of a number of friends and relatives. A shower was held for the young couple in Magrath on Tuesday night this week.

The newlyweds will make their home in Raymond, and they have the best wishes of a wide circle of friends for the happiness and success. Max is a member of the Union Jacks Basketball team and has taken part with them in the play offs the past two years.

Alvin Jones, Manager of the local Bakery sent a loaf of bread picked at random from the day's baking, to Standard Brands Limited, Calgary, for an analysis and a report. Without too much detail, which was all very interesting, we will state that out of a possible 100 Alvin scored 92.1-2 and was commended for the quality and appearance of his loaf. We congratulate our local dough artist on the splendid showing thus made, and the fine baking service he is giving local people.

### RAPID PROGRESS ON

#### NEW BLOCK

Will Lamb and his carpenters have made rapid progress on the new Brewerton addition going up at the rear of the Secarity block and it will not be many days until the roof is on and the inside work is under way.

Present plans are for a remodelling of the up-stairs of the present block to convert it into a hotel, and in the new block will be a foyer and an office for the hotel, with stairs from the new addition.

The refreshment stand will also be in the new block with possibly one room for rent in it.

The Second Ward Primary Festival was held last Saturday, and proved a very colorful affair indeed, the children all marching in costumed for their parts on the program.

Singing "Sunbeams of Love," prayer by Ella Hancock, followed by the story of "Persephone" by Mrs. Harold Stevens, Persephone was "Goddess of Spring" and during the telling of the story the following children represented the characters as follows:

First Bluebird of Spring" Barbara Schneider.

Persephone" Sylvia Wall. Trumpeters—Tennyson Smith and Reed Zemp, announcing the numbers as follows:

Song "Queen of May," during which Dale Anderson as "Apollo" chose Barbara Rodeback as the "May Queen."

An action song was given by the beginners group, and the Grade 1 boys and girls gave a "Cricket Dance."

"Seashore Song" and actions was given by the boys and girls boys gave a "Frog and Toad of Group II, and the Group II stool dance," while the Group II girls did a Dutch Song and Dance.

Zion's girls gave a "Crocus Dance, and the Trail Builders sang the "Trail Builders Hymn," and the Bluebird Girls danced the "Butterfly Dance."

My Garden" was sung by the Seagull Girls, and the Trail Builders executed a "Roman Drill and then the Lark Girls braided the May Pole.

The President Mrs. J. LeRoy Anderson welcomed the parents and visitors and spoke in appreciation of the work of the boys and girls.

Closing song "Evening Song" was followed by benediction by Mrs. Wm. Jensen.

The success of the Festival was due largely to the untiring efforts of the teachers of the various groups in the Primary, and the play leaders Mrs. Walter Webster and Mrs. Josiah Holland.

Don Bark; Fieldman for the Company whose contracts local pea growers have, was in the district Thursday on an inspection trip. He says some of the fields of peas look fine, but some growers planted too deep, and their seed is rotting in the ground.

### NEW ROAD OVER TEMPLE HILL

Fred Romeril has had the road machinery busy the past week out and around Temple Hill. The road has been improved so that the cemetery may be entered from either side, and is high enough so that no trouble with snow is anticipated. A new road has also been built straight over the hill, especially for cars and empty trucks. While the grade may be a little too steep for loaded trucks, the road around the hill will be kept open, and with the new road for other traffic it is hoped that the danger of collisions on this route will be materially lessened.

Now the machine is working on the road near the Factory and it is hoped that these will be raised to the point where they will not become a sea of mud every time it storms. Fred says the new engine is giving every satisfaction and seems to be plenty large enough for the machinery. The Council is to be congratulated for the improvements that has been made in roads throughout the district since this grader and engine was purchased.

GET RUNNING START PIT-  
KIN URGES 1938 CROP  
OF GRADUATES

To get a job—get to work doing something that leads in the direction of a job. Get a running start first. This is the counsel Walter B. Pitkin, author and psychologist, gives to 1938's June graduates—an army equal in numbers to the population of Cleveland, Ohio—as it is turned loose to shift for itself for the first time.

"The most important thing for any youngster not of high school and college to learn is not the particular skill of any single job, but rather what the real world is like," declares Dr. Pitkin in an article on "How to Get a Start in Life" in the current edition of the magazine. "Once the job is done, then he is in a position to seek for a higher job of real move on to his own higher problem of a living and a career."

"But the real world is a tough place to jump into cold," he declares. "It's tackled best by the youth who has warmed to the task of finding a job—by getting his running start first. Bright youngsters are beginning to learn the importance of changing the old saying 'Well done is half done' to 'Early begun is half done.'"

"Time and again young people now in jobs tell me that summer & vacation work during their school years has been of inestimable value." Dr. Pitkin points out. "Thus a young engineer, who writes me that in his opinion one of the greatest problems confronting a beginner is his inability to understand what he is expected of him in his first position. For that reason I would suggest that one secure all the experience he can by working in various kinds of jobs while in school. They help him get the feel of the shop."

Citing instances in which ambitious and energetic young men accepted jobs with little or to pay to get this running start, Dr. Pitkin insists that many of them may land permanent jobs as a result of their volunteer work. The young man who says, "I'll work for you for nothing; it's better for me than one who will get the experience loafing around home," is the one in the real world which will enable him to get a running start as he starts in life, he maintains.

Editor's Note: With a new crop of school graduates almost ready for the examinations, the above article should be worth reading and reflection. Experience is a wonderful teacher and never harmed anyone yet.

## LIBRARY BOARD IN SPECIAL MEETING

A special meeting of the Library Board was held in the Library rooms Tuesday night, the meeting being called to appoint a temporary librarian to act during the absence of Mrs. Peterson, who left for Utah on a moment's notice and without any provision being made for her.

After some discussion it was decided to ask Mrs. Rayo Woolf, who is in close touch with the work to act during the absence of Mrs. Peterson or during the pleasure of the Board should Mrs. Peterson not wish to continue upon her return.

The reports presented at the meeting showed steady and consistent growth in the number of books circulating and the number of readers in the rooms each day the Library was open. A number of choice books had also been recently added to the shelves of the Library to make the institution more valuable and interesting to all.

After slipping steadily for a number of days, Winnipeg wheat futures came back the full 5c. limit on Tuesday. We wonder how many sold out during the falling of the market.

## Our Edmonton Letter

(By T. B. Windross)

Edmonton, May 30—Danger that bank branches which have served this province since the first settlements were established and which now assist the transaction of the business of the people—the unemployed, the farmers, merchants and the manufacturers alike—may be

## NEWS NOTES

Lee and Gordon Brewerton made a hurried trip to Calgary and return on Tuesday.

Mr and Mrs. J. Y. Card and Sterling Williams of Cardston were Raymond visitors last Sunday.

The bill posters of the Al. G. Tuesday and billed the Town Barnes circus were in Raymond with the big circus posters.

B. T. Wall is proceeding with the work on his new house, and has the wire and paper on and is all ready for the stucco. He has already moved into it, and Jos Sawada has moved into Byron's old place.

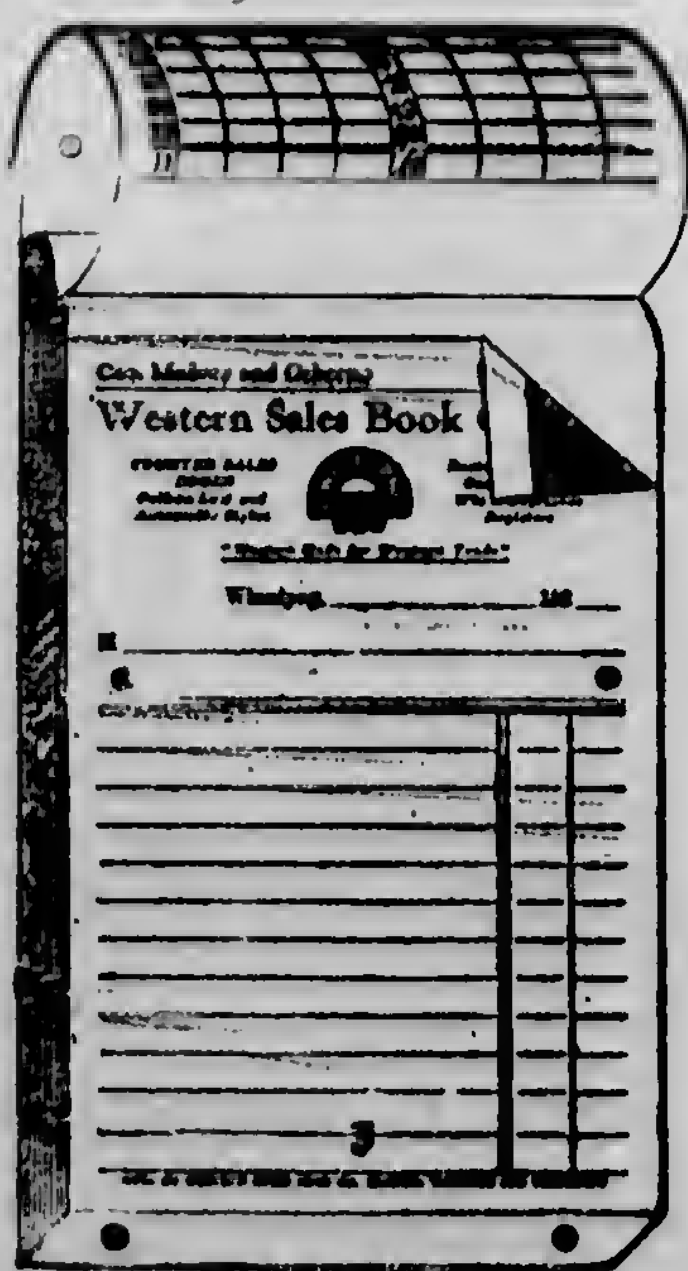

As we go to press seeding is practically finished and fields are looking fine. All grains were seeded under ideal conditions so far as moisture conditions go, and the fact that the season was delayed somewhat gave farmers a good chance to get the weeds, which should make for cleaner and better yields of wheat.

With the installation of the new booths on Tuesday, the York Cafe is about prepared to open its doors, and official opening will likely take place today or tomorrow. The cafe presents a fine and inviting appearance after its renovation and will make a nice addition to Raymond's fine array of cafes and refreshment parlors.

## COMPELLED TO ARM

"Like all other peaceful countries, we are compelled by necessity. The defection of our country cannot mean preparing for war; on the contrary, it means striving to avoid it by discouraging in advance those who might have in mind to attack us for any reason whatever. As Lyauty said: 'Showing one's strength is the best way to avoid the necessity of using it.' We cannot advertise to the whole world or let everybody believe that Canada would be an easy and defenceless prey for anybody who would like to attack it or simply invade it. Therefore, I am in favor of a defence policy, based on our autonomous condition, on our desire for peace, on our geographical situation, on our financial means, and having for its sole purpose the safeguarding of our neutrality and the protection of Canada in Canada."—Maxime Raymond, M.P., (Beauharnois-Laprairie) Que.

forced to withdraw from many sections of the province, caused fear in widely scattered parts of Alberta last week.

Continued attacks upon banks by members of the Aberhart government and legislation discriminating against the banks were declared to be the cause of the danger. The only bank in the Bruderheim district was closed a short time ago, and the branch which serves the whole Onoway district was closed up on Tuesday of this week. (May 31).

At Fort Saskatchewan last week, fearing that the branch there is about to be closed, the town council adopted a resolution expressing appreciation of all residents of the district to the bank's services and asking sign a petition asking that the branch be kept open.

The Town council of Magrath in southern Alberta, also passed a resolution last week and forwarded it to Edmonton, to receive the attention of the Alberta cabinet when the ministers return from their political campaign in Saskatchewan. The resolution quoted reports that many small-town branches might be closed down, including the Magrath branch which serves the whole Del Bonita & Spring Coulee districts as well, and told the cabinet minister that until the government establishes some institution which can carry on a banking service as efficiently as the banks are doing it now, the banks should not be legislated out of the province.

The resolution observed that the Securities Taxation act and the extremely heavy direct taxation on banks, particularly, would have the effect of making it impossible for small branches to continue to operate in the province.

The banks finally have been moved to reply with facts to false statements made against them by Alberta Social Credit politicians. A. T. Lowe, of Calgary, Alberta supervisor of the Royal Banks of Canada, has issued a statement answering the claim recently made publicly by G. L. MacLachlan, chairman of the Social Credit board, that banks collect an annual income of \$30,000,000 within the province. Mr. Lowe termed the claim "entirely inaccurate and misleading," and continued:

"The chairman of the Social Credit board is wholly in error. The facts are that the gross income of all chartered banks operating in Alberta during 1937 aggregated only about 12 per cent of the amount claimed by Mr. MacLachlan. Let me emphasize that, the words 'gross income.'"

"After deducting \$2,000,000 for salaries paid to employees in the province and after making allowances for taxes which are altogether out of line with those paid in other provinces, payment for rent of offices and other charges of a fixed nature, it will be seen that little, is anything, remains. Certainly anything left is entirely inadequate to take care of bad debts. As a matter of fact, banking services have been rendered at a substantial loss in Alberta over the past 10 years.

"I make this statement because I feel that assertions: unfounded and extravagant as the one referred to, when made by me whose position implies some responsibility, should be met with facts, so that the inherently fair-minded citizens of Alberta may not be misled."

Town councils have remarked that a substantial part of bank taxation and bank expenses, including salaries, are paid in the municipalities that the bank serves, and still more taxation is paid to the federal and provincial governments. Apart from the bill which is now before the privy council to tax the banks operating in Alberta an additional \$2,000,000 a year, they already pay more than \$220,000 annually to the provincial government. That, say observers, is why the banks operate at a loss in Alberta right now, and why they might have to deprive some districts of services processes that are too great to be idled by branches which have been.

An example of the service which a bank gives to the public was seen here when one Edmonton branch, by request, stayed

open for an extra hour in order to cash and change into travelers' cheques the \$4,000 which the Alberta government so kindly handed to G. F. Powell, out of the public funds, as the Social Credit "expert" left for England after just eight months in Alberta government's service as a propagandist.

Announcement by Prime Minister Mackenzie King at Ottawa that THE PEOPLE will have complete control of the Bank of Canada within the next few weeks, and through it complete control of chartered banks, may force some change in Premier Aberhart's platform tactics. But last week he told a Saskatchewan audience that he did not want to establish a provincial bank because it would be under the control of the Bank of Canada.

\*\*\*\*  
Six of the eight Alberta ministers deserted their own province and its business last week to campaign for the Social Credit party in Saskatchewan. Among them was Hon. D. B. Mullen, minister of agriculture; he went across the border after dismissing his deputy minister H. A. Craig, who has been guiding Alberta agriculture for more than a score of years. The assistant deputy minister had been dismissed earlier, so when the minister himself left the province the whole farming industry in Alberta was left to struggle along as best it might. It was just a year before that W. N. Chant, was ousted from the cabinet because he refused to dismiss Mr. Craig, whom he considered too valuable to the province's welfare to be fired for the sake of political expediency.

Among the other Social Credit campaigners in Saskatchewan is A. H. Wray, an Alberta civil servant best known as the man who was "Professor Orthodox Anonymous" in Aberhart's Edmonton broadcast for a while. It was announced that he was just "on leave of absence" from his government job in Calgary.

As this week opened, it still was being wondered whether the dominion government would disallow the five acts for repudiation and confiscation of Alberta debts. Public feeling within Alberta against the legislation public condemnation of the severe rose steadily, keeping pace with the per cent production tax act. At Berwyn, in the Peace River district, a meeting of 1,000 persons adopted a resolution asking for disallowance of the acts. The Camrose board of trade was among other organizations which officially asked the Ottawa government "to save the province from its government by vetoing the five acts."

# Up in the clouds

by Beulah Earle

INSTALMENT 25

Monty Wallace has just arrived in California, having broken the East-West cross country airplane record. Natalie Wade, mistaken by him for a newspaper reporter, writes the exclusive account of Monty's arrival, and succeeds in securing a trial job with a paper in exchange for the story. Natalie becomes attached to Monty.

Although she discovers Monty's love for her is not sincere, Natalie admits that she loves him. She is assigned by her paper to report Monty's activities for publication. Jimmy Hale, the newspaper's photographer, becomes Natalie's co-worker.

Natalie interviews Jabe Marion, a wealthy airplane builder, who decides to build a record-breaking round the world plane for Monty. Marion's daughter, Sunny, exquisitely beautiful, is attracted to Monty. She invites Natalie to dine with her, when they meet the aviator unexpectedly.

Natalie discovers that Sunny is jealous of her friendship with Monty, and that she is trying to prevent them from being alone. After driving to a mountain resort with Sunny and Jimmy, Monty again declares his love for Natalie.

Sunny attempts to drive Natalie from Monty's attention by climbing a high wall. She almost loses her balance and is pulled back by Monty. Jimmy later asks Natalie to consider his love for her if she refuses Monty.

Natalie induces Monty to get out with her in an airplane search for two missing aviators. At dusk Monty lands the plane in the open country, where he

Monty took charge of the situation and faced his accuser. "Out with it!" he roared. "What's your game — what's your racket? I never saw you before in my life and you know it. If you don't start talking fast I'll turn you over to the police!"

Unruffled, undismayed, his self-admitted wife merely smiled.

"Still the same old Monty," she countered. "When you have nothing to say, you just make a noise and try to bluff."

Monty clenched his fist. He lunged at the woman savagely. "If you weren't wearing skirts —

—

Jimmy caught Monty by the arm. "Take it easy," he cautioned. "We'll never find out what she's up to that way."

In the midst of the din, a telephone had tinkled in the far corner. Natalie picked up the receiver.

"Hello?" she asked. "Oh, hello Mack. Yes—Yes—"

Her face was toward Monty as she listened intently. Without further explanation she hung up. She motioned to Monty as she left the room.

Monty quickly followed into the small kitchen. Natalie closed the door.

"That was Mack on the wire — down at the news room," she said. "He just told me this Vivian, Somebody, was over to see him an hour ago. She handed him a sealed packet of papers with instructions to read them before the morning edition in case he didn't hear from her otherwise."

"What's Mack going to do do?" Monty asked.

"Not a thing, of course," Natalie reassured him.

"How'd he know it was about

"What did you mean by that remark?"

Natalie gave a knowing glance. "Any girl with all those stock props couldn't be anything but a very amateur blackmailer. Monty — she's just a rank beginner!"

Monty whistled softly. "What if I tell her to go ahead — pull all the stops — see how far she gets?"

"She'll just get herself into a bad mess — and give you a lot of free publicity," was Natalie's quick reply.

At that moment Jimmy strode into the room. He addressed Monty.

"If you'll step inside," Jimmy explained in a slightly comic manner, "there's a delegation from the sheriff's office ensconced in the ante-room. And I think they're waiting to see you!"

"Looks like your amateur is rapidly becoming a professional," was Monty's dry remark to Natalie as the three started back.

"Don't worry, dear," Natalie reassured him, "this is just another part of the game!"

Monty faced a trio of men, obviously not intent on social formalities. The stubbier of the three addressed him from the corner of his mouth not occupied by a cigar.

"Is youse, or ain't youse, Monty Wallace?" was the terse interrogation.

"I'm Wallace," Monty admitted.

"Okay, boys, take him outside."

"Wait a minute!" Monty commanded drawing back. "What's the idea? You can't take me without a warrant!"

(Continued Next Week)

## NEWS NOTES

Lee and George Brewerton were Lethbridge visitors on business Monday afternoon.

Mr. and Mrs. John T. Henninger of Lucky Strike were guests of Mr. and Mrs. O. R. Knight on Sunday last.

Mr. and Mrs. Harris Walker returned home from Povo, Utah, Saturday night where Harris has completed another year's work in his course for his Doctor's degree.

A sticking valve on the Ice Cream machine of Brewerton's made it necessary to change the valve and while this was being done another machine was installed temporarily. The trouble seems to have been remedied now.

Mr. Nichol of C.J.O.C. Lethbridge was in Raymond Tuesday afternoon working on a community program of radio advertising, including publicity for Raymond's big Stampede. This broadcast will come on at 1:30 p.m. daily. Listen in for it.

Edmonton probably made history the first of the week when the Social Credit candidates for the Saskatchewan election were picked in the capital city of Alberta. Saskatchewan will elect candidates for 52 seats on June 8th.

Watson Lafferty arrived in Saturday night for a short visit from Salt Lake City. Miss Lucille Lafferty accompanied him. Since he was here last Watson has been doing some missionary work for the L.D.S. Church, and he spoke briefly in Sacramento meeting Sunday evening last.

C. R. Wing has had a crew busy at the Sugar Factories for the past two or three weeks taking out the old flumes, which have proven somewhat unsatisfactory during the past season or two. As soon as the blue prints come, and surveyor arches, building will commence. The flumes are being raised on the west end to ensure a better flow of beets to the washer.

## AL. G. BARNES SELLS FLOTO CIRCUS COMING TO LETHBRIDGE

The AL. G. BARNES and SELLS FLOTO COMBINED CIRCUS with a program offering 1,000 new wonders will give an afternoon and evening performance at 2 & 8 p.m. in LETHBRIDGE, THURSDAY, JUNE 9th

Long a favorite through this section the big show this season features on its lengthy program a number of star European turns new to America and making their debut under this white-top's aegis. A few of them are: The famous Rieffenach Troupe of riders supreme, the Yon Kam troupe from China in unbelievable feats, and lovely Janet May, the Pavlova of the swinging trapeze. Still other noted stars are Mabel Stark, world's only woman tiger and lion subjugator, performing in a triple steel barred amphitheater with 30 ferocious beasts; Anna Merkel in breath-taking aerial feats; the Olvera brothers; Panneau, and innumerable others. Hundreds upon hundreds of noted acrobats combined with glorious colorful pageantry go into making the speedy two-hour entertainment.

This season too, the menagerie has been increased in size. It now includes 900 furred and feathered creatures. This with five herds of elephants, an aerial ballet of 50 comely lassies, count less reckless equestriennes, trapeze artists, cavalcades of clowns and the vast tent filled with educated, streamlined horses makes the Al. G. Barnes and Sells Floto Combined Circus a decidedly outstanding amusement buy.

Doors will open at 1 and 7 p.m. This permits leisurely inspection of the mammoth menagerie.

Jack Hervey's home on Broad way is receiving a new coat of paint this week.

Wheat reached a new two years low in Saturday's quotations when October futures were quoted at less than 75 cents per bushel.

! ! ! ! ! Karl Schneider is up and around again following his recent operation, but it will be some time before he will be able to do any work as he is very weak.

Mutt Ralph came home from the Hospital the end of the week and is getting around a little, but it will be several weeks before he will be able to get to work again.

Mr. and Mrs. Z. W. Jacobs of Cardston and Mr. and Mrs. H. C. Jacobs of Stirling were Sunday guests at the home of Mr. and Mrs. Lyman Jacobs.

The situation in Czecho-Slovakia continues tense. Peace parleys have soother the troubled waters some, but feeling is still tense and it would take but very little to cause the smolder in fires to burst into flame.

Mr. and Mrs. T. Geo. Wood are leaving early next week on a trip which will include attendance at the Scout Anniversary in Salt Lake City, and also a visit to San Francisco, Cal., where Mr. Wood will be the official representative of the local Rotary Club.

The benefit show held in the Capitol Wednesday night for the proposed Scout trip to Salt Lake for anniversary being celebrated there next week, was well attended and enjoyed. The boys received good support in the sale of tickets for this performance.

\$30,000,000 is to be made available for borrowing by Municipalities to finance works programs within their borders. The only string the Dominion is attaching to the deal is that the loan be repaid during the life of the project. Just what may be undertaken under the scheme remains to be seen but it sounds as though it may contain something really worthwhile. Federal Finance Minister Charles Dunning introduced the bill into the Dominion House.

## A FEW CANDID WORDS ABOUT BANK EARNINGS

Half of one per cent. a year on total assets is not much of a profit margin for any business, corporate or individual. Yet that is all the "velvet" there is in the business of Canada's chartered banks.

Banks pay interest on personal savings deposits. They charge interest on loans.

The difference is not all "velvet" by any means—for these reasons:

- It costs money to operate a bank.
- The cash reserves held by the bank earn nothing.
- A bank must provide for losses.
- Earnings on a great deal of a bank's assets are very low.

More than 25,000 people are employed in Canada's banks. In the last ten fiscal years Canada's chartered banks have paid in wages and salaries, some \$376,000,000 — purchasing power distributed over the Dominion.

In the same ten years banks paid in taxes to municipalities \$40,831,930; to provinces \$14,429,320, and to the Dominion, \$24,027,324, a total of \$79,288,574.

Banks have other costs, too: Rent on premises; stationery and printing; light, water and fuel; contributions to pensions and group insurance for employees. Depreciation on buildings takes a large amount each year.

Any money a bank pays—taxes, wages or other costs—can come only from the bank's resources—and must be paid in cash. No magic can produce it.

Banking is not all sunshine. It has its cloudy aspects too. Banks must stand ready to pay their creditors—the depositors and note-holders—a hundred cents on the dollar; but banks unfortunately cannot always collect a hundred cents on the dollar! They have losses, inevitably, and must set aside substantial sums to meet them.

A bank must keep itself in such a cash position as to be able to pay you your deposit whenever you see fit to withdraw it.

Chartered banks are required by law to lodge with the Bank of Canada, or hold in Bank of Canada notes, five per cent. of their depositors' funds; but, in practice, they always carry about twice that percentage. Deposits with and notes of the Bank of Canada earn no interest for the chartered banks.

It is necessary also to keep a further amount in short term investments readily convertible into cash. The yield on such investments is low, firstly, because Treasury Bills and other short term securities mature at short dates; secondly, because—banks having no monopoly of money or credit—cash reserves of many industrial concerns compete for this type of investment.

Bank earnings depend very largely upon loans, but a bank can lend only when the customer wants to borrow.

Ordinary bank loans in 1929 averaged \$1,342,000,000; in 1937 only \$731,000,000.

When business falls off or prices slump, businessmen borrow less money. A given volume of business is handled on less money, too. It would take \$150,000 to handle 100,000 bushels when wheat is at \$1.50 per bushel, but only \$100,000 to handle the same volume when the price is \$1.00 a bushel.

When ordinary loans are not in demand, money, instead of lying idle in the banks, finds investment in Government bonds. These earn substantially less than ordinary loans.

Very obviously bankers would prefer commercial loans.

Money invested in Government bonds is, however, just as much a loan for the Government's purposes as a loan to a farmer is a credit for his purposes. In 1937 the average of bank loans and investments combined was \$2,158,000,000; in 1929, \$1,841,000,000.

Thus bank credit in Canada was actually greater in 1937 by \$317,000,000 than in the same period of 1929, the boom year.

As with credit, so with cash. As of October, 1937, over \$17,000,000 more in bank notes were in the hands of the public than in October of the boom year 1929.

A word with you about dividends.

The Bank Act fixes the par value of bank shares at \$100. The average price paid to banks by the shareholders when shares were issued was \$165 per share. Of this, \$100 has gone to Capital Account, and \$65 has been placed in Reserve.

Over many years undivided profits, now amounting to \$34 per share, have been left in the business by shareholders and added to reserve, for the greater security of depositors and note-holders.

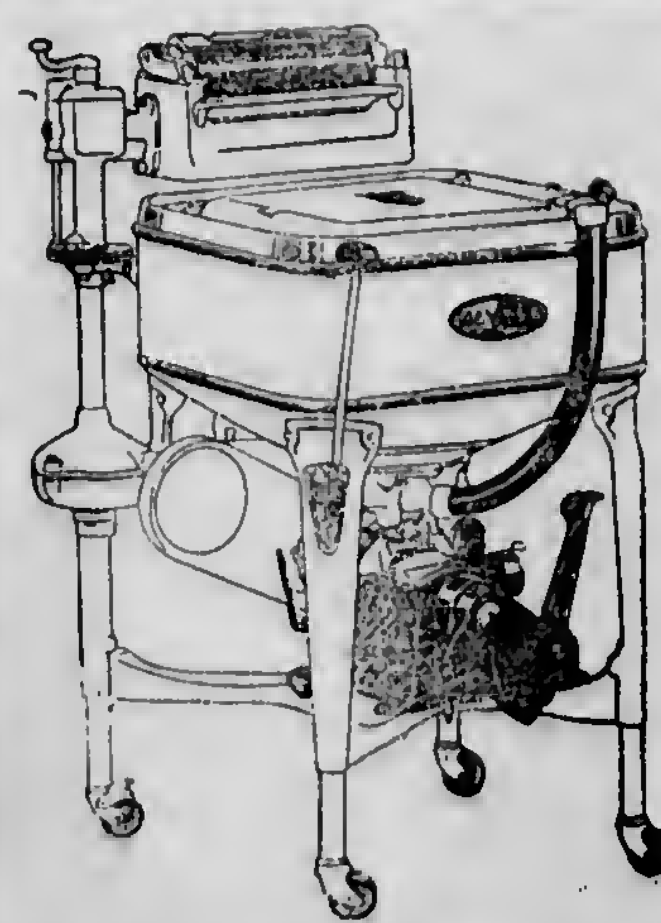

The average shareholder's investment in Canada's chartered banks now, therefore, amounts to \$199 per share. A dividend of say 8 per cent. on the \$100 par value is, in fact, only slightly over four per cent. on the money actually invested, or left with the bank by the shareholder.

## THE CHARTERED BANKS OF CANADA

Your local branch bank manager will be glad to talk banking with you. He will be glad to answer your questions from the standpoint of his own experience. The next article in this series will appear in this newspaper. Watch for it.

Examinations for the school kids are not far off. Ever since our own school days we have been of the opinion that an arrangement that would bring the final examinations in the Xmas season instead of in the middle of the summer would result in much better marks for the students.

When persons unknown cut off the swing ropes at the Public School playgrounds, the kids of the lower grades were robbed of a lot of fun, and the pieces of rope taken were not long enough to be of any use to anyone else. This sort of vandalism is certainly inexcusable and everyone should co-operate in trying to put a stop to it.

"I am Also Mrs. Wallace" the Woman Said.

and Natalie must spend the night.

Resuming the search in the morning, they finally locate the fliers. Natalie wires the story to her paper. That night at dinner, Marion announces a non-stop 'round the world flight, with Monty piloting the new plane, 'Sunny Marion'.

Monty's plan is to have ten re-fuelling stations along the route, where pilots are to go aloft to refuel his plane. Monty flies with Natalie to New York, where he will begin the flight eastward. They are followed by Jimmy and Sunny.

The day before the flight, Monty once more declares his love to Natalie.

In spite of adverse weather reports, Monty takes off. Natalie returns by plane to California where she hears that Monty has reached Moscow, and is continuing on to Siberia.

"I loved him once—I still love him. And as for you—Give you three weeks with another public hero with a good copy slant and you'd fall nlover again!"

Sunny dashed her cigarette viciously to the floor.

"Let's not beat around the bush!" she fairly shouted. "Don't tell us what we're thinking and doing. What about you?"

"Yes — what's your explanation of this?" demanded Jimmy.

**NEWS NOTES**

John Hyde was guest of honor at a dinner given at the home of his daughter Mrs. Geo. Atwood Sunday May 29th. In honor of his 74 Birthday. Including children there were 35 guests present.

Alberta is negotiating with Ottawa to get the co-operation of the latter in a 400,000 surface program for main highways. It accepted the Dominion will bear 60 and the Province 40 p.c. of the cost. Connecting fork roads will receive first consideration.

A meeting of the Stampede program committee was held Monday night when the events and prizes were decided on. The prize list is the biggest ever in the history of Raymond's show and should attract the top riders of the Province and Northern States. Watch for the prize lists and programs and BOOST the Stampede.

Mrs. Omer Lightle and children of Trafalgar, B.C., are here visiting her parents Mr. and Mrs. Chas. Lybbert for a couple of weeks. Omer is expected here in a week or so to take them back home, and will likely spend a couple of days renewing acquaintances in Raymond.

Mrs. Frank R. Taylor and Mrs. Blanche Scoville were joint hostesses to the Ladies' Literary Club at the home of the former, at their regular meeting last Friday afternoon. Mrs. T. J. O'Brien was guest speaker of the afternoon who gave a very interesting talk, illustrated with snapshots of the past winter she and her husband had spent at Phoenix, Arizona, and which included a trip to Boulder Dam, Las Vegas and other interesting points near Phoenix. The talk was very interesting to everyone present. The hostesses served refreshments after the meeting. The next meeting will be the programme of the meeting last Friday of June.

**NEWS NOTES**

Miss Mary Hervey is holidaying from the Bank at present. She is planning a trip for part of her vacation.

A shower was held Monday at the home of Mrs. Geo. Atwood for Mrs. Steve Pinchok nee Miss Laura Atwood of Bonny Creek, formerly of Raymond. After lunch singing occupied the time until the bride opened the presents. 25 ladies were present and pleasant time was had by all.

Robert Glendenning, 20, of Coleman, was killed by a mysterious bullet at his home Saturday night, when with his father and a chum he was working on the family car in the yard of the home. The bullet entered and passed through his left lung and lodged in his right lung. It was fired from a .22 calibre rifle but so far no clues have been picked up.

The body of 12 year old Peter Levine, with head, feet and hands missing, was found on the shore of Long Island Sunday night. A roll of copper wire with which the body was wrapped offered the only clue for investigators to work on. Doctors expressed the view that the boy might have been garrotted. The finding of the mutilated body ended a three months search for the missing boy.

A wave of violence seems to be sweeping across the United States. A six year old girl Shirley Woodburn disappeared from her home Sunday, and her ravished body was found in a patch of weeds near the home Monday. James Bailey Cash, Jr. five year old of Princeton, Fla., was kidnapped from his bed Saturday night, and while his father paid the \$10,000 ransom demanded, the boy had not been returned late Wednesday night.

The charm of sea and mountains is a fitting background to this "Hotel of the friendly Hearth." Good rooms, well furnished, excellent dining room, but no bar. Close in to all major activities, yet on a quiet street. A friendly welcome awaits you. Rooms, \$1.50 up. Make your reservations by mail.

All printing is a combination of paper, type and ink. But, like many other things a good result depends on the proper combination. Bring your printing problems to the Raymond Recorder for sudden, satisfactory service.

In a Japanese air raid on Canton, China, 500 were killed and 1,000 injured, and when the rebels in Spain bombed Granollers on Tuesday 430 bodies were taken from the wrecked buildings and officials were sure the death toll would reach 500.

In a letter from Elder Floyd Larson, who recently departed for the Swedish Mission he speaks of the growth of the work there and the keen interest of the Swedish people in the gospel message. He also sends regards to all the people of Raymond and district, and especially the members of the 2nd Ward Missionary Class who sent him a leather bound volume of Jas. E. Talmage's book "Jesus the Christ."

Geo. Brewerton is in Calgary on business.

The first car at Raymond Motors on Monday morning, June 6 gets a FREE Grease job. Hurry.

Mrs. Jos. Thompson is spending a brief vacation with her sister Mrs. Bob Parkes and family in Creston, B.C. She went to the orchard city by car on Wednesday.

Mesdames Vella Holt and Iona Mendenhall were joint hostesses at the home of the former on Thursday evening to the child Psychology Study Group. Mrs. F. Donald Merrill presented a very interesting lesson and light refreshments were served. The next meeting will be held July 7th at the home of Mrs. Virginia Holmes.

**FARM PRODUCTION**

In 1937 the gross value of commodities produced on Canadian farms is estimated at \$1,051,698,000, as compared with \$1,079,571,000, the revised estimate of the gross value of agricultural production in 1936. This represents a decrease of \$27,873,000, or less than one per cent, and is accounted for largely by the decreased value of the field crops. In Saskatchewan due to drought. Decreases are also shown in the value of fruits and vegetables, poultry and eggs, maple products, and honey. Increases are recorded in farm animals, wool, dairy products, and tobacco.
